

Electrify your fleet with InCharge. Get our best rates with NASPO.

NASPO ValuePoint is the cooperative purchasing arm of the National Association of State Procurement Officials, or NASPO. NASPO eligible entities include state departments, institutions, agencies, and political subdivisions, federally recognized tribes, and other eligible public and nonprofit entities in the 50 states, the District of Columbia, and U.S. territories. There is no membership or registration required.

NASPO Contract #BPM037964
This contract expires May 31, 2027.

NASPO ValuePoint's Electric Vehicle Charging Station Equipment and Services portfolio agreement covers InCharge's full turnkey suite of equipment, InControl™ charge management software, and related services.

Assessment & Advising

CaaS Financing & Grants Support

Design & Engineering

Hardware & Equipment

Construction & Installation

Operations & Maintenance

InControl™
Charge Management Software (CMS)

Covered hardware includes Level 2 EV chargers and Level 3 DC Fast Chargers. The scope for these includes all hardware (inclusive of original equipment purchases and replacement parts), software, and supportive services (i.e., training, repair, professional services, consulting services, project development, etc.) to develop, install, maintain, and repair the applicable charging station.

Customer Process

If the state in which you are located has executed a statewide participating addendum (PA) with one or more NASPO ValuePoint contractors, political subdivisions typically may purchase from the Master Agreement as they would any other state contract.
