

Overview

This InCharge cable management system improves the usability and appearance of compatible DC Fast charge equipment and makes it even easier for users to handle, especially in extreme weather conditions.

This efficiently-designed system can be easily bolted into the existing holes at the top of the charger and includes 1 or 2 cable retractors to protect the charging connectors and their cables.

The Cable Retractor Kit was designed exclusively for the ABB Terra 94/124/184 family of DC Fast chargers.

Cable Retractor Kit shown on Terra 184

Key Benefits

- Cable management system (with 1 or 2 cable retractors) lifts charging connectors off freezing or hot pavements and prevents damage from vehicle runover
- Durable plastic-coated stainless steel retractor cables
- Supports ADA requirements of existing equipment
- Indoor or outdoor use
- Mounting hardware included

Specifications

- Single (CCS1) or dual (CCS1-CCS1, CCS1-NACS, CCS1-CHAdeMO) connector options
- Material and finish: Hot rolled steel, painted
- Dimensions: (D) 5 in x (W) 35.75 in x (H) 7 in
- Weight - Dual Retractor: 25lbs / 11.34kg

Compatible Chargers

- Terra 54
- Terra 94/124/184
